

## Children Sessions...

It's best to come into the studio or call for a brief consultation before having your child photographed. We'd really like to create something special... and discussing ideas and clothing will make sure that this extra effort beforehand will be well rewarded with an outstanding portrait!

### Child session \$275

The basic indoor session, several outfits, with a variety of poses and expressions. Generally offering one or two backgrounds or photo-sets.

### Child outdoor session \$275

For a casual look, and an environment which often makes younger children feel more comfortable, we also offer an outdoor session. Like the session above... but outdoors!

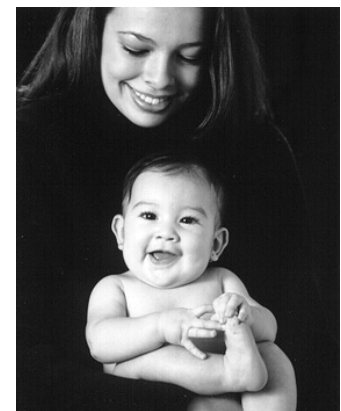

### Parent and Child \$275

Very popular session with new babies and younger children. You choose between color or black and white images (please specify before session). Occasionally done 'hi-key' (all white background and clothing) this session captures that special relationship between mother and child. Soft white clothing, a light flowing robe or white night gowns are especially popular. Our Black and White sessions offer a different approach, rarely seen in this area. It focuses on the relationship, trying to capture the essence of your child at this precious moment in his/her life, by using the parent as the prop. Clean and simple backgrounds keep these images timeless. Choose both color and black and white.

### Clothing selection

Is the most important part of a child's portrait. The best rule of thumb is solid colors, staying away from busy patterns and outfits with patches of bright or contrasting colors, especially those with kiddy pictures on them. Often the best clothing for children ages 1 and up are those that look like adult clothing. Sweaters and cords, bib overalls, knickers & caps!, classic dresses in soft or muted tones. These are all great choices.

### Payment Information

There is a \$15 reservation fee required to book the session.

The session fee (see above) is due at the time of the session.

**\$100** of the session fee is applied as credit to your print order.
